Secretary Of War Stimson Says Enactment Of Lend-Lease Bill Will Aid British Morale

3 Amendments Reported Voted On Aid Measure

WASHINGTON, Jan. 29.—(AP)—Three amendments to the administration's British-aid bill, including a mid-1943 time limit on its grant of presidential powers, were reported to have been voted today by the United States House of Representatives foreign affairs committee.

Meeting behind closed doors while War Secretary Stimson sat before the Senate Foreign Relations Committee, the house foreign group was reported to have accepted modifications to:

- 1—Fix June 30, 1943, as the expiration date of the legislative group proposed in the legislation.
- 2—Require President Roosevelt through his army and navy chiefs before transferring military equipment.
- 3—Require periodic reports to Congress on loan fund operations.

A fourth change proposed by the Democrats—a prohibition against the use of U.S. naval vessels for convoy—was reported to be still under discussion.

PREMIER DIES

Dictator, Military Hero Passes After Throat Operation In Athens

Successor Alexander Corizis Pledges Greece To Fight On In War Against Italy Under King George

By KEITH SCOTT WATSON

ATHENS, Jan. 29.—(BUP)—Premier Gen. Metaxas, Greece's strong man and military hero, died today, but his successor, Alexander Corizis, pledged Greece to fight on against Italy under the leadership of King George.

Metaxas, who led Greece through three months of triumphant warfare against Italy, died at 6:30 a.m. (9:30 p.m. M.S.T., Tuesday). It was announced officially, after undergoing a throat operation Saturday.

Corizis, former head of the National bank, was named new premier at a special cabinet meeting. In a proclamation issued shortly afterward, he affirmed his determination to carry on the policies of Metaxas.

Cabinet REAPPOINTED
Corizis took the oath of office at a meeting of the cabinet. The "historical road" driven by Metaxas already is deep rooted in the conscience of the Greek people. Corizis reappointed the cabinet.

Metaxas, who was 61 years old, was stricken with a heart ailment after the regular cabinet meeting Jan. 17, and retired to his country home.

There was not one dissenting voice, and it was assumed the same applied throughout the trade union movement," he said. "They look upon this not as an imperialistic war, but as a war for the liberation of all working men."

BRITAIN CALLS NEW CLASSES TO TAKE ARMS

LONDON, Jan. 29.—(BUP)—Great Britain today took another step toward preparing for the supreme test of its modern history against Germany.

British armed forces total more than 1,000,000 men, including the home guard. But still more are being trained. The British government today announced that it was calling for the recruitment of new classes.

The government had known since that youth of 19 would be required for service Feb. 32. Youth of 16 years may not have to register for many months yet.

The new proclamation was necessary to provide a steady flow of men into the three fighting services. "It must also be remembered that men in older age groups are encouraged to apply for vacancies in certain civil defense services."

Through cooperation of the commanding officer of the Canadian headquarters, I have obtained this completed quiz.

1—More than one hundred young officers, many of them from jobs and homes in the Canadian west, are being sent to the front.

Drive For Libyan Capital Now Being Speeded By Wavell

Advanced Motorized Units Operating South and West Of Derna While Main Forces Mass For Assault On Town

By SIDNEY J. WILLIAMS

LONDON, Jan. 29.—(BUP)—British military sources said today that Sir Archibald Wavell's Imperial army of the Nile is striking for Benghazi as rapidly as possible despite the appearance of German dive-bombers in the Mediterranean near front. Wavell was said to have speeded up his drive for the Libyan capital to beat the Germans to any punch in this area.

CAIRO, Egypt, Jan. 29.—(AP)—With British motorized units so deep within Libya that Italy's hold on the whole eastern part of that colony was jeopardized, general headquarters announced today increasing pressure on the coastal strong point, Derna.

Advanced units of Britain's army on wheels and caterpillar tracks were operating south and west of Derna, while the main forces manoeuvred and massed for an assault on the coastal town, 95 miles west of fallen Tobruk and 175 miles from the Egyptian frontier.

The communiqué confined itself succinctly to the report: "Our pressure on enemy forces in the Derna region is increasing. The full picture of the penetration came from unofficial sources."

ACTIVITY IN KRIKIRA
Although the British headquarters summed up operations on the East African front, hundreds of miles from Libya, activity was reported in Krikira, a fairly long report of the speech given at Winnipeg Monday night, as the report was built up by the Canadian Press.

Operations in the Agordat-Barotse sector of Italian Eritrea, about 80 miles from the Sudan border, were described as "vigorous" and "21 additional prisoners were announced as taken in the pursuit of Italian withdrawing from Umm Hagar."

The situation on the Ethiopian front was described as "vigorous" and "21 additional prisoners were announced as taken in the pursuit of Italian withdrawing from Umm Hagar."

At the same time, Free French forces, which had been declared last night to have driven more than 200 miles into southwestern Libya, were reported to have been "driven back" by the Italian forces.

There was no indication here of the main news Gen. Wavell's "driving" and "21 additional prisoners were announced as taken in the pursuit of Italian withdrawing from Umm Hagar."

In East Africa, British mobile units operating from the Agordat-Barotse sector of Italian Eritrea, about 80 miles from the Sudan border, were described as "vigorous" and "21 additional prisoners were announced as taken in the pursuit of Italian withdrawing from Umm Hagar."

Bracken's Warning To Ontario Comes Like Delayed-Action Bomb

By R. E. RICHARDSON

Edmonton Bulletin Ottawa Bureau OTTAWA, Jan. 29.—Premier John Bracken's warning to Ontario that Manitoba's alternative to remedial reforms along Sir John's report lines is logically a shut-down of business with Ontario, came in Ottawa today like a delayed-action bomb.

The reason it was delayed was Ontario's opposition to the Bracken statement. As far as Ottawa was concerned, the statement was not carried by local papers.
